Egg-free flu vaccine Optaflu now available

MASTA, one of the Buying Group's approved flu vaccine suppliers for the 2015-16 season, is now carrying stocks of the egg-free flu vaccine Optaflu. This can be delivered out with egg-based vaccines or alongside travel vaccine orders so as to not incur a carriage charge.

The net price is £6.59 per dose excluding VAT and the vaccine is suitable for patients aged 18 years and above.

MASTA also has plenty of stocks of the standard flu vaccines available for later orders and top ups as well, with the applicable special terms for members still in place.

Visit the MASTA website, email: fluteam@masta.org or call 0113 238 7500 (option 1) for further information.
