Media Round-up

On 14 September Dr Michelle Drage spoke at a BMA event on what devolution in London would mean for healthcare. On 14 September Michelle had a piece in the Huffington Post evaluating how Sustainability and Transformation Plans are likely to play out in London. On 5 September Dr Lisa Harrod-Rothwell, one of our Medical Directors, wrote a piece for Pulse magazine on how GPs receive too much inappropriate work from secondary

care.

We continue to be very active promoting the interests of London GPs and practice staff on Twitter, Facebook and LinkedIn. We also support practices that are approached with media requests, you can find details of how to get support here.

Got a story? Email us at comms@lmc.org.uk. Deadline for next month's submissions is 10 August.
