Staying up to date

We will shortly be emailing practice managers to update our constituent records. This is because ongoing issues with Capita's management of GP records mean we are not receiving updates on GPs joining, leaving or moving between the practices we represent.

Media Round-up

On 12 October our CEO, Dr Michelle Drage, had a piece in the Huffington Post calling for general practice to remain true to its values as it faces transformation. On 11 October Londonwide LMCs' Medical Director, Dr Katie Bramall-Stainer, was quoted in BMA news, commenting on the reduction in Council-funded smoking cessation services in Hounslow.

We continue to be very active promoting the interests of London GPs and practice staff on Twitter, Facebook and LinkedIn. We also support practices that are approached with media requests. You can find details of how to get support [here](#).
