GP State of Emergency update March 2017

Our GP State of Emergency campaign is almost a year old and continues to go from strength-to-strength, with the website just passing 10,000 downloads of template letters, posters and guidance documents. The guidance for dealing with DNAs is the most popular asset (893 downloads) and the suggested letter to schools is also much in demand (729 downloads).

You can view the site and access its resources [here](#).
