Also this month...

Media and public affairs round-up

On 12 April Dr Elliott Singer, Londonwide LMCs' Medical Director, was quoted in Pulse speaking about how APMS contracts favour large, private providers. On 7 April Pulse covered our efforts to prevent practice closures, quoting Londonwide LMCs' Dr Michelle Drage. On 30 March Dr Michelle Drage spoke at the RCGP's City Health event, looking at how to maintain the values of general practice amid changing care systems. We have received a number of requests for information on problems with PCSE and NHSPS directly impacting on patient care, if you can help us to build up a picture of these issues for use with the media please get in touch.

We continue to be very active in promoting the interests of London GPs and practice staff on Twitter, Facebook and LinkedIn. We also support practices that are approached with media requests, you can find details of how to get support here.

Got a story? Email us at comms@lmc.org.uk. Deadline for next month's submissions is 17 May.
