

Londonwide LMCs

The professional voice of London general practice

Winter 2017 workforce survey closes at the end of December

Thank you to everyone who has made space in their hectic working day to complete our short survey on practice workforce issues which helps us to gather insight to share with key opinion formers and stakeholders, and to generate stories highlighting the pressures you are under for trade and national publications.

If you or someone from your practice have not filled out the survey please do so before the end of December, search your inbox for this email:

From: 'Dr Michelle Drage'

Subject line: Londonwide LMCs' Workforce Survey

This is the fifth such survey we have had conducted via polling company ComRes. The data gathered from previous workforce surveys has been used in a number of ways to support our work advocating for you, including:

Obtaining coverage of London's GP workforce crisis in dozens of articles and reports, including on the front page of a national newspaper.

Securing practice visits with MPs and Assembly Members from the three main political parties representing London.

Being invited to submit evidence to Parliamentary committee enquiries.

Showing commissioners and the other bodies which make up London's health landscape that GP practices are facing significant workforce issue.
