Media and public affairs round-up

On 25 January our CEO, Dr Michelle Drage, spoke at the London Clinical Senate, supporting the retention of the independent contractor status as general practice moves to at-scale models. Over the last month the Londonwide LMCs' communications team provided media advice to practices who had CQC press releases written about them following inspections.

We continue to be very active in promoting the interests of London GPs and practice staff on Twitter, Facebook and LinkedIn. We also support practices that are approached with media requests. You can find details of how to get support here.

Got a story? Email us at comms@lmc.org.uk. Deadline for next month's submissions is 14 March.
