The professional voice of London general practice

Our latest workforce survey closes on Monday 25 June

Thank you in advance for making space in your hectic day to complete our 12 minute survey on practice workforce issues which will help us to gather insight to share with key opinion formers and stakeholders, and to generate stories highlighting the pressures you are under for trade and national publications.

Look out for an email from ComRes on behalf of Dr Michelle Drage on Sunday 17 June. Note: if you have already responded you will not have this email.

The data gathered from previous workforce surveys has been used in a number of ways to support our work advocating for you, including:

Obtaining coverage of London's GP workforce crisis in dozens of articles and reports, including on the front page of a national newspaper.

Securing practice visits with MPs and Assembly Members from the three main political parties representing London.

Being invited to submit evidence to Parliamentary committee enquiries.

Showing commissioners and the other bodies which make up London's health landscape that GP practices are facing significant workforce issue.
