Media and public affairs round-up

On 11 December, our CEO Dr Michelle Drage was quoted in Pulse's coverage of Ipsos Mori's interim report on their independent evaluation of Babylon GP at Hand. On 10 December Michelle was quoted in GPonline, calling for the GMC to be more supportive of doctors in response to the publication of their State of Medical Education and Practice report. On 30 November Michelle was quoted in Pulse, warning of the knock-on effect on general practice from hospital over-stretch during winter.

We continue to be very active in promoting the interests of London GPs and practice staff on Twitter, Facebook and LinkedIn. If you have an example of general practice doing something well which you think would make a news story please get in touch. We also support practices that are approached with media requests. You can find details [here](#).
