Covid-19 PPE and other supplies update

Our Londonwide Buying Group partners are working to support practices. There is a high demand for practice supplies, especially PPE which is in short supply everywhere.

Londonwide LMCs's Buying Group supplier MidMeds is still taking orders as normal however we understand that delivery times are longer. We're advised that items including surgical masks and visors can be ordered for delivery within 6 to 10 working days. Obviously, let us if you experience any difficulties. This service is open to Londonwide LMCs practices.
