PCN DES Decision Making Tool

Our new decision-making tool provides a factually based, critical analysis and risk assessment of the PCN DES for this year, which practices can use to make an informed decision whether to remain opted in, or to opt out, of the DES.

[Our Living Guide and other updated resources](#)

Our main resource for practices remains our Living Guide, which is now on its seventh revision. We have also published and updated other guidance documents.

[READ MORE](#)

Covid-19 mandatory data collection

GP practices are required to participate in the GPES Data for Pandemic Planning & Research (Covid-19) data collection.
