Living Guide and Flu Guide updates November 2020

Since mid-October when we sent out our last newsletter, our Living Guide has been updated a number of times which includes added information on long-term conditions. The following accompanying documents to the Living Guide have been updated in the last month as well:

GP management of febrile children during the Covid-19 pandemic(new document)

Long Covid (new document)

Management of long-term conditions during and post-Covid-19

Covid-19 and care homes

Medicines management and monitoring for mental health

Covid-19 human resources support

Non-acute essential care

Requirement for home visiting during Covid-19 pandemic

Monitoring of patients with suspected Covid-19

For the full list of accompanying documents, see our main Coronavirus resources page.

Seasonal Flu Vaccination Programme 2020/21 guidance has been updated with information including eligible cohorts for seasonal flu vaccines, new contractual requirements for 2020/21 and additional national funding schemes.
