Contract changes 2021/22

New contractual changes took effect at the start of this month, for two areas Londonwide LMCs has produced our own guidance to help practices with practically implementing new requirements, we have also collated the NHS England guidance that is available.

Londonwide LMCs’ guidance:

GP Contract 2021/22 - changes to QOF - Covering QOF points value, new and retired indicators, and quality improvement domains for early cancer diagnosis and care of people with learning disabilities.

PCN DES 2021/22 - standardised GP appointment categories - Covering details of the short one-off exercise to map each appointment slot type used in practice to standardised national categories. NHS England are running webinars on this through May and June.
