Health and Care Bill

The Health and Care Bill is the first major health legislation since the Health and Social Care Act 2012. Londonwide LMCs has significant concern that not giving prominence to safety in any assessment of clinical service provision or service structure is unacceptable.

Media and public affairs round-up

On 14 July, Dr Michelle Drage, our CEO, was quoted in a Guardian article on abuse of practice staff. The article also used anonymous examples passed to us by practices. On 14 and 13 July, Michelle was quoted in Pulse and GPOnline about the risk of relaxing mask wearing requirements in practices. On 9 July Michelle spoke to GPOnline about London practices and their PCNs's problems recruiting to ARRS roles. We continue to be very active in promoting the interests of London GPs and practice staff on Twitter, Facebook and LinkedIn. If you have an example of general practice doing something well which could make a news story please get in touch. We also support practices that are approached with media requests. You can find details [here](#).

The Buying Group is available to all London practices and gives access to discounts on a wide range of goods and services from Miab, MidMeds, Practice Index and Surgery Connect.

Contact buyinggroup@lmc.org.uk or visit the Covid-19 supplies update for further information on flu vaccine, PPE and other infection control supplies.

Got a story? Email us at comms@lmc.org.uk. Deadline for next month's submissions is 11 August.
