**NWL LMC Update January 2022**

Amendment &ndash; West London only income protection arrangements for enhanced services Q2 2021/22

This is a reminder that NWL CCG have agreed to make top up payments for Quarter 2 21/22 where practices can demonstrate a loss of income compared with the same period in 19/20. To assist, please consult an LMC-suggested spreadsheet that you can use to submit your claim to your Borough team, contact details and a possible template below. Please note West London practices have a dedicated finance email address below. Please note that these arrangements are only for those local services under the CCG and borough control. Queries can be sent to Lesley.williams@lmc.org.uk.

To: [insert Borough finance email] Date [insert date] RE: Locally Commissioned Enhanced Services (LCS) &ndash; Quarter 2 2021/22 Javina Sehgal wrote to all NWL practices on 16 July 2021 to confirm that for Quarter 2 2021-22, the NWL CCG would make additional top-up payments for practices who require it to bring income into line with 2019-20 levels. Practices were asked to make a reconciliation at the end of Quarter 2 and send any identified shortfall to the finance borough lead to make the payment. I carried out a reconciliation at the end of Quarter 2 and identified a short fall for the practice as attached. I look forward to receiving the outstanding payment. Yours sincerely Kind regards, [insert signature of Practice Manager]
