February 2022 Newsletter

Patients can view record entries from 1 April

Data entered into TPP and EMIS from 1 April onwards will be visible in the NHS App. Test results will not be visible to patients prior to GPs discussing them. We are producing guidance on updating clinical records.

[READ MORE](#) 

[NHS recovery plan](#)

The NHS's plan to clear the care backlog and manage Covid was published at the start of February, primarily focusing on hospital care.

Remember to use BEAM to LMC to highlight the pressure you are under

Our BEAM to LMC mobile app, which enables you to tell us about the pressures you are under from commissioners and others, is proving popular. Make sure you check the app for push notifications.

Media and public affairs round-up

On 18 February Dr Elliott Singer, one of our Medical Directors, was quoted in Pulse regarding the Met Police working with Londonwide LMCs on guidance to reduce GP abuse. On 10 February we provided background to the HSJ on the NHS care backlog. On 1 February a Londonwide guidance update was quoted by GPonline in a story about the u-turn on the mandatory Covid-19 vaccine policy, and on 25 January, by Pulse regarding GP staff resigning ahead of the Covid vaccine mandate. We continue to be very active in promoting the interests of London GPs and practice staff on Twitter, Facebook and LinkedIn. If you have an example of general practice doing something well which could make a news story please get in touch. We also support practices that are approached with media requests. You can find details [here](#).

The Buying Group is available to all London practices and gives access to discounts on a wide range of goods and services from Miab, MidMeds, Practice Index and Surgery Connect.

Contact buyinggroup@lmc.org.uk or visit the Londonwide LMCs' Buying Group webpage for further information.

Got a story? Email us at comms@lmc.org.uk. Deadline for next month's submissions is Friday 11 March
