

Londonwide LMCs

The professional voice of London general practice

GP returners

Sessional GPs now make up a substantial part of the GP workforce in London. Londonwide LMCs is dedicated to ensuring that the interests of this important part of the workforce is fully represented on LMCs across the capital.

The LMC is here to support all sessional GPs. We are continually encouraging GP partners to provide the best possible working agreements for all sessional GPs and practice staff. We also welcome sessional GPs onto our LMCs as any GP on a Medical Performers list working in the area can stand for election to become an LMC member.

We have a committed team that can provide sessional GPs with specialist guidance on a range of issues including revalidation, appraisals, contractual concerns, becoming a partner and much more.

Help us to help you: ensure that your contact details with Londonwide are correct so that you can receive up to date information and newsletters. Make the most of the support available to you.
