Guidance

The guidance section holds relevant information on a widerange of subjects related to general practice. Guidance is available either from the links below or by using the Search Guidance box on this page.

Updated guidance: appointment mapping(17 Jun 2021)

Practices will be aware that there is a contractual obligation to complete appointment mapping by the end of July.

To ensure that the data is accurate this will take some...[Read more »](#)

Seasonal Flu Campaign 2020-2021(07 Sep 2020)

In view of the risk of co-circulation of seasonal flu and Covid-19 this winter, the 2020/21 national flu campaign will be essential in protecting our vulnerable patients and reducing clinical...[Read more »](#)

Focus on hepatitis B immunisations - updated September 2020(07 Sep 2020)

GPs are often requested to give hepatitis B immunisation for travel; for occupational health; and for medical reasons (eg IV drug use for renal disease). What vaccinations to use and...[Read more »](#)

Premises guidance(19 Nov 2019)

Most of this guidance is applicable to practices in NHS Property Services (NHSPS) and Community Health Partnerships premises. Some is applicable to all tenants, such as the rent review process....[Read more »](#)

Focus on Subject Access Requests for insurance purposes - September 2019(02 Sep 2019)

The BMA's guidance covers SARs and principles to follow.[Read more »](#)
