

Londonwide LMCs

The professional voice of London general practice

GP Partners

Being a GP partner has become increasingly difficult in recent years, with a shift away from patient care and an increased focus on performance measures and business acumen. We have responded to these demands by increasing provision of tailored training in business, finance and regulation.

Londonwide LMCs can also provide advice on HR, disagreements and partnership disputes via and GP support Team and our subsidiary company Londonwide Enterprise Limited.

Partners may also be interested in our guidance around implementing the GP Contract, including primary care networks (PCNs).
