

Waltham Forest LMC News Update – May 2021

Chair: Prof Gabriel Ivbijaro, MBE - Vice Chair: Dr Michal Grenville

1. Welcome

Londonwide LMCs election process is now open and we thought we'd let you know what we have been working on in Waltham Forest LMC.

2. ICS Development and local engagement

Following the vote to establish a single NEL CCG, in line with national requirements, and subject to legislation, the single NEL CCG will become the NEL Integrated Care System from April 2022. The ICS will include a NEL Health and Care Partnership, with an ICS NHS Body; there will be place based systems (BHR, TNW, City & Hackney) where in line with NEL's commitment most of the decision making will take place.

In line with national guidance, and NEL commitments we are working with NEL and borough teams to ensure that there is appropriate governance, decision making and engagement across all NEL boroughs, both at individual borough level, as part of the BHR, TNW and City and Hackney 'sub-systems', and at NEL level, with strong GP representation and involvement at all levels.

3. Unified GP Voice in Waltham Forest

A strong and unified GP voice is crucial as new systems and structure develop, in support of which we are working with PCN CDs and GP Federations to ensure that at all levels there is a strong, cohesive GP provider voice which reflects local needs and priorities.

We will keep you informed as these discussions progress.

4. Restart of Local Incentive/ Enhanced schemes

We recognise how hard practices have been working during the pandemic with attention diverted to handle Covid patients and deliver vaccines. Waltham Forest LMC is working collaboratively with NEL CCG and commissioning teams have secured further income protection for Q1 and we are in discussions on returning to normal services, while keeping practices and patient safe and ensuring payments are aligned with ongoing restrictions.

5. Primary/ secondary care interface work

As GP's we recognise that well-organised care across the interface between general practice and secondary care providers is essential to ensure that our patients receive optimal patient care, with minimal delays and that practices are not overwhelmed by inappropriate transfer of workload.

Waltham Forest LMC members, with Londonwide LMCs support continue to actively liaise with your local hospital trusts to improve the interface

GP Support

The GP Support Team are here to provide advice and support to any practice or individual GP.

To raise any confidential matters regarding your practice contact GPSupport@lmc.org.uk or visit their page on our [website](#) for further contact details.

6. Locally Commissioned Services/Local Incentive Scheme equalisation across north east London

The LMC is aware of the disparity in availability of Locally commissioned Services/Local Incentive Schemes across the boroughs within NEL. This variation impacts on patient care, and also on funding for General Practice. There is full appreciation that within the boroughs with increased enhanced services, GPs are undertaking additional work to obtain the funding attached.

Across NEL, City & Hackney borough has the highest level of investment in LCS. As an LMC, we are actively supporting the CCG principle to level up services and funding across North East London with the agreement that funding will not be reduced in any area.

7. Weekend e-Consults and online access

Details on weekend e-Consults and online access can be found on the Londonwide LMC website. Click [here](#) for more information.

8. Londonwide LMC

Following the publication of the NHSE letter BO497 on 13 May 2021, Dr Michelle Drage, CEO of Londonwide LMCs, has been actively supporting General Practice. In addition to sending out a series of factual and reassuring letters to all London GP's, Dr Drage continues to fearlessly champion the interests of General Practice through powerful media statements.

Click [here](#) to read Dr Drage's full statement.

9. Your LMC and YOU

All 9 places in Waltham Forest are currently up for election. As a local GP you have a unique insight into General Practice in your area.

Working in General Practice is harder than ever, we have all suffered stress, strain and loss since the pandemic began. However, there is no-one better suited than grass-roots GPs to highlight the pressures on our practices, patients and colleagues. Together we can continue to find solutions, to safeguard our profession.

Nominations to sit on the borough LMC are currently sought from every London GP, whether a partner, employed, locum or trainee GP.

You can complete your Nomination form to by visiting www.cesvotes.com/londonwidelmcs

The deadline for submission of nomination forms to join Waltham Forest LMC has been extended to **5:00 pm on Tuesday 1 June 2021**.

We urge you to stand for election. **Your LMC needs you.**

LEAD Events

Londonwide Enterprise Ltd (LEL) was set up to provide affordable, high quality training and educational events for practice teams.

The Learning Education and Development (LEAD) team is always keen to hear what training is really needed on the ground – get in touch with any ideas by emailing lead@lmc.org.uk
